Internship News

Seniors

- Internships need to be completed by December before Winter Break

Current Juniors

- Internship Night in Media Center November 20, 2024, 4-7:30 pm
- Looking to secure 119 internships
- If you or your company can provide an internship(s), please contact me at pfulk@pvschools.net or 602-449-2102.

- Currently contacting partners to see status of Summer 2024
- As always, encouraging students to network with personal connections
- Areas of need - Aerospace, Artificial Intelligence, Psychology, Veterinary Medicine

SchoolLinks

- We have a new platform, **SchoolLinks**, for centralizing information on industry partners and their opportunities (such as internships, job shadowing, part-time positions, and apprenticeships)
- Through SchoolLinks' program management, industry partners can communicate with districts regarding new opportunities and support to provide feedback and evaluations of student experiences.
- "Student Sourced Opportunities." This feature empowers students to submit the opportunities they discover independently with their school through their SchoolLinks account.
- Mr. G (Jason) will be working with a BETA group of students to use SchoolLinks for their internship portal with full implementation planned for next year.
